

THE DYNAMIC MODEL[©] Of Volunteer Management

volunteer
glasgow

The effort invested in creating the core work will influence the complete management and monitoring of volunteers. Outcomes include –

- A List of Clear Benefits for the volunteer, associated with the role
- A Detailed Role Description presenting the benefits in a narrative and accessible format
- A Recruitment Strategy that maximises the likelihood of attracting the right people
- Support and Supervision Model tailored to the specifics developed for the role
- Assessment and Monitoring Tools that provide essential and useful feedback
- Resource Maximisation due to the efficiencies that flow from the analysis
